PART 1430—SUGAR

DISTRIBUTION OF RAW SUGAR

Food Distribution Order No. 7 (8 F.R. 904), issued by the Secretary of Agriculture on January 15, 1943, is amended to read as follows:

§ 1430.1 *Importation, purchase, and acceptance of delivery of raw sugar restricted*—(a) *Definitions*. (1) "Person" means any individual, partnership, corporation, association, or other business entity, and includes any government corporation or governmental agency.

(2) "Continental United States" means the forty-eight States of the United States and the District of Columbia.

(3) "Raw sugar" means:

(i) Any grade or type of saccharine product, without regard to the place where it is produced, which is derived from sugar beets or sugarcane, is in crystalline form, and is to be further refined, and

(ii) Any saccharine product of sugarcane in liquid form which is produced outside of the continental United States, contains non-sugar solids (excluding any foreign substance which may have been added) equal to 6 per centum or less of the total soluble solids, and is to be further refined.

(4) "Refiner" means any person who is engaged in the refining of raw sugar in the continental United States, on the effective date of this amendment.

(5) "Import" means to bring into the continental United States (including foreign trade zones established pursuant to the Foreign Trade Zone Act, 48 Stat. 998, 19 U.S.C. 1940 ed. 81a et seq.).

(6) "Director" means the Director of Food Distribution, War Food Administration, or any employee of the United States Department of Agriculture designated by such Director.

(b) *Acceptance of delivery*. (1) Any person shall be deemed to have accepted delivery of raw sugar upon the occurrence of any one of the following:

(i) The exercise by such person of any dominion or control over such raw sugar as the owner thereof; or

(ii) The exercise of any dominion or control by such person over such raw sugar as the vendee, under a contract of purchase and sale, without regard to whether or not legal title to such raw sugar has vested in such person.

(2) In addition to the provisions of paragraphs (b) (1) (i), and (ii) hereof, a refiner, who acquires custody or pos-

session of raw sugar, for the purpose of refining such raw sugar, shall be deemed to have accepted delivery thereof, without regard to whether or not he has purchased or contracted to purchase such raw sugar, or has legal title thereto.

(c) *Restrictions*. (1) No person, other than a refiner or the agent of a refiner, or a government corporation or governmental agency, shall purchase, import, or accept delivery of, raw sugar.

(2) No refiner or his agent shall purchase, import, or accept delivery of raw sugar, except as specifically authorized by the Director.

(3) The Director is authorized to establish allotments for the purchase, importation, and acceptance of delivery of raw sugar by refiners, and to issue rules and regulations for the purchase, importation, or acceptance of delivery of raw sugar by refiners, pursuant to such allotments. No refiner or his agent shall purchase, import, or accept delivery of raw sugar in violation of any such rules and regulations, or in excess of any allotment so established by the Director. The Director may, however, authorize a refiner to accept delivery of raw sugar owned by another refiner for the purpose of refining such raw sugar for such owner, and exempt such raw sugar from being charged against the allotment of the refiner who does the refining. Raw sugar which has been charged against the allotment of one refiner but which is subsequently sold and delivered, prior to refining, to another refiner, shall be charged against the latter's allotment and a corresponding credit given to the allotment to which the raw sugar was first charged. Allotments established by the Director pursuant to this paragraph may be modified and changed from time to time by the Director. Insofar as it is practicable, having due regard for wartime conditions with respect to the marketing and transportation of sugar, specific authorizations issued by the Director to refiners shall be made in such manner that each refiner will have received, at any time during an allotment period, his pro rata share of the total available supply of raw sugar, as determined by the proportion which his allotment bears to the total available supply.

(d) *Records and reports*. (1) Each person participating in any transaction to which this order applies shall keep and preserve for a period of not less than two years accurate and complete records of his inventories of raw sugar and of the details of all transactions in raw sugar. Such records shall include the dates of all contracts or purchase orders ac-

cepted, the delivery dates specified in such contracts or purchase orders, the parties involved in each transaction, the dates of actual deliveries thereunder, and a description of the raw sugar covered by such contracts or purchase orders showing the area of production, weight, polarization, and value.

(2) Each refiner accepting delivery of raw sugar shall report to the Director the information now required in the administration of the Sugar Act of 1937, as amended.

(3) The Director shall also be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.

(4) The specific record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.

(e) *Intra-company deliveries*. The provisions and restrictions of this order with respect to the acceptance of delivery of raw sugar shall apply not only to the acceptance of delivery by other persons, including affiliates and subsidiaries, but also to acceptance of delivery by one branch, division, or section of a single enterprise from another branch, division, or section of the same or any other enterprise under common ownership or control.

(f) *Contracts*. The restrictions of this order shall be observed without regard to contracts heretofore or hereafter entered into, or any rights accrued, or payments made thereunder.

(g) *Audits and inspections*. The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of raw sugar of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(h) *Petition for relief from hardship*. Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

(i) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using raw sugar, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action

may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(j) *Communications to the United States Department of Agriculture.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the War Food Administrator, United States Department of Agriculture, Washington, D. C., Ref. FD-7.

(k) *Territorial extent.* This order shall apply only to the continental United States.

(l) *Effective date.* This amendment shall become effective on the 30th day

of July, 1943, at 12:01 a. m., e. w. t. However, with respect to violations of Food Distribution Order No. 7, or rights accrued or liabilities incurred thereunder, prior to said date, said Food Distribution Order No. 7 shall be deemed in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right or liability.

CORRECTION NOTICE ON FDO 7.1 Amendment 2 - Sugar

In printing Food Distribution Order No. 7.1 Amendment 2 the following errors occurred:

1. In section 1430.6 (a) second sentence the word "regner" should read "refiner".
2. In the list of refiners the second listing of the South Coast Corporation should be deleted.
3. In paragraph (2) of the Press Release second sentence, the word "warter-borne" should be "water-borne", so that the sentence reads: "These increased receipts of water-borne sugar are needed to offset decreased production in continental United States".

Press Release, Immediate:
Wednesday, November 3, 1943.

The War Food Administration has issued an order establishing increased raw cane sugar allotments for refiners in continental United States for the period January 1, 1942-September 30, 1944. These allotments, which may be changed from time to time, continue in effect the allotment basis established, after

public hearing and investigation, by the Department of Agriculture and War Production Board early in 1942.

The increased allotments have been made as a result of an improvement in arrivals of sugar from offshore producing areas. These increased receipts of warter-borne sugar are needed to offset decreased production in continental United States.

This order, Director Food Distribution Order 7.1, Amendment 2, effective November 4, supersedes Director Food Distribution Order 7.1, as amended July 28, 1943. It provides that no refiner may purchase, import or accept delivery of raw sugar in excess of his allotment, and that all purchases, importations, or acceptances within refiner allotments may be made only upon specific authorization of the Director of Food Distribution.

PART 1430—SUGAR

RECONDITIONING DAMAGED SUGAR

Pursuant to the authority vested in me by Food Distribution Order No. 7, as amended (8 F.R. 10605), issued by the War Food Administrator on July 28, 1943, it is hereby ordered as follows:

§ 1430.7 *Reconditioning damaged sugar.* (a) Damaged sugar which has been previously charged against an allotment may be reconditioned by a refiner without such sugar being charged against his allotment.

(b) Damaged sugar which has not been previously charged against an allotment, when reconditioned by a refiner in the continental United States, shall be charged against his allotment.

(c) Notwithstanding the provisions of paragraphs (a) and (b) hereof, no refiner shall purchase, import, or accept delivery of damaged sugar for the purpose of reconditioning, unless specifically authorized by the Director pursuant to the provisions of Food Distribution Order 7, as amended.

(d) For the purposes of this order, the terms "refiner", "continental United

States", and "Director" shall be defined as set forth in Food Distribution Order No. 7, as amended, and the term "allotment" shall mean an allotment established by the Director for a refiner pursuant to Food Distribution Order No. 7, as amended.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; FDO 7, as amended, 8 F.R. 10605)

Issued this 30th day of September 1943.

C. W. KITCHEN,
Acting Director of
Food Distribution.

Press Release Immediate:
Thursday, September 30, 1943.

Damaged sugar which previously has been charged against an allotment may be received by a refiner for reconditioning without being charged against his

raw sugar allotment, the War Food Administration advises.

On the other hand, if the damaged sugar previously has not been charged against an allotment (such as imported refined sugar), it is to be charged against the allotment of the refiner who reproc-

esses it. This is provided in the Food Distribution Order 7.2, effective September 30.

Refiners' raw sugar allotments are established under Director Food Distribution Order 7.1.
